Public Hearing Minutes

The hearing was called to order at 5:32pm

A sign in sheet was distributed and there were two members from the community present.

Jessica welcomed the attendees and each Committee Member introduced themselves. The Committee explained the work that has been conducted over the past year leading up to this moment, the survey process, and the publication of the official notices as entered into the record.

Michelle Capone (DANC) spoke about the process she used to update the comprehensive plan. This is a tool for the community to be used as a guide for the future.

Community survey results were considered and informed the comprehensive plan. For example, goals and recommendations in the Comprehensive Plan were derived from the survey results. Recommendations in the Comprehensive Plan are just recommendations and are not laws. The plan should help guide the Town for the next 10 years or so before it needs to be updated again.

Mapping has been added, more will be added before the plan is completed

Action items for the Committee:

The Committee should create a vision statement

Additional comments and notes can be sent to Jessica for consideration.

Make any edits, contribute pictures if you have any

There is a 2 week review period of the draft document where the public and the committee can contribute ideas and changes, due by COB on December 9th to Michelle.

Meeting adjourned at 6:05pm
